Tax Relief

SELF-EMPLOYED INDIVIDUALS: A self-employed individual receives tax relief on the donation via his/her tax return. For example, a donation of €450 results in a cost after tax to you of €261 if you are paying tax at 42% or €360 if you pay tax at standard rate of 20%.

CORPORATE DONATIONS: Companies can treat the donation as a normal trading expense thus reducing their profits assessable to corporation tax.

PAYE TAX PAYERS: Did you know that your donation could go even further at no extra cost to you? We, as a registered charity can claim back the tax on any donations over €250. If you are paying tax at the higher rate of 42%, a donation of €250 from you means we receive a total of €431 or €313 if you pay tax at the standard rate.
